3 | Operation by Easy4ip App

**Step 1**
Power on your camera with power adapter.

Step 2
Connect your smartphone to your Wi-Fi network, scan **"Easy4ip"** QR on the packing box, download and install **"Easy4ip"** APP.

Step 3
Open Easy4ip APP (take iOS version as an example), see Figure 3-1. Please register an account for first use.
Step 4
Please tap **"+"** to add new devices after you login your account.

Figure 3-1

Figure 3-2

Step 5
Scan the QR code on the back of the camera to get the SN, you can also tap "**Manually enter the SN**" and manually input the SN number on the next page. Then tap "**Next**".

Figure 3-3

Step 6
Select "**Yes, go to Wi-Fi Settings**" and make sure your smartphone is connected to the same Wi-Fi, then tap "**Next**".

Figure 3-4

Step 7

Fill in the password of your Wi-Fi, then tap "**Next**".

Figure 3-5

Step 8

Input your device password, the default password is "**admin**".

Figure 3-6

Step 9

Your camera is successfully added. You can set up your time zone and start preview.

Figure 3-7

Note:
- If you have more cameras, please follow step 4-9 to add them one by one.
- If you want to change the Wi-Fi signal, please reset the camera to factory default and repeat step 4-9 to add the device.

4 Device Installation

Note

Please make sure the installation surface can min support of the 3X weight of the camera and the bracket.

Figure 4-1

Step 1

Dig holes on the installation surface (wall or ceiling).

Step 2

Open accessories bag, take out expansion bolt and insert it into the hole you just dug.

Step 3

Open accessories bag, take out installation screws. Tighten the screws to fix the device on the installation surface (wall or ceiling). You can move device sunshade back and forth. When you have fixed the device, you must tighten screws on sunshade.

Step 4

Plug external wiring of the device properly.

Figure 4-2

Step 5

Use cross screwdriver (in accessories bag) to loosen adjusting screw.

Step 6

Adjust the device in all possible directions, and set its monitoring direction according to the requirements.

Step 7

Use cross screwdriver to tighten the adjusting screws.
